## BBCO Community Meeting Overview

### *Durango – April 8, 2019*

On April 8th, 2019, the non-partisan “Building a Better Colorado” project hosted a 2-hour meeting with 81 civic leaders in Durango to solicit their input on how Colorado might improve state fiscal policy to support Colorado’s quality of life. Specifically, BBCO raised for discussion the three fiscal amendments which Coloradans have adopted into the state constitution: the Gallagher Amendment (1982), the TABOR Amendment (1992) and Amendment 23 (2000).

Attendees were seated at round tables of 8 to facilitate small-group discussion of the issues and potential policy options. Each participant was equipped with a keypad voting device to enable them to anonymously vote their opinion on the questions posed to the audience.

While BBCO defined the scope of the discussion, BBCO gave control of both the input and the outcome of this conversation to the participants.

- BBCO worked with established community leaders to build the guest list for this meeting of individuals in the community who were respected, influential and constructive and who collectively represented the diversity of the community.
- After presenting a brief explanation of each policy issue, the first option which BBCO asked participants to consider in each policy area was the option of doing nothing. BBCO made clear that if a majority of participants supported this option of status quo, then no additional policy options would be considered for that policy.
- BBCO invited participants to propose their own additional policy options and presented those organic ideas to the full group for consideration.

## Audience Demographic

The political mix of the audience leaned strongly left (reflecting the city of Durango’s political demographic more than the broader La Plata County demographic) with a Democrat/Republican/Unaffiliated ratio of 54/13/33 compared to the actual voter registration of 31/28/38. While the Gender and Profession demographics were fairly representative of the broader community, the audience was disproportionately older (70% over 50 years old) and Caucasian (93% in attendance compared to 82% actual).

## Consensus Policy Recommendations

After engaging in small-group discussion before each vote, the group realized consensus on a number of policy ideas. Only those policy options for which at least 56% of the audience supported are shown here.

Policy Option	Support (56% to 65%)	Strong Support (66% to 75%)	Strongest Support (76% +)
<b>GALLAGHER AMENDMENT</b> (Learn more at <a href="http://buildingabettercolorado.org/understanding-the-gallagher-amendment/">http://buildingabettercolorado.org/understanding-the-gallagher-amendment/</a> )			
Change status quo. (94%)			✓
Repeal Gallagher’s frozen ratio between Residential and Non-Residential property to stop the decline in the Residential Assessment Rate. (90%)			✓
Reclassify “non-primary residences” and/or “vacation rentals” at a higher assessment rate to slow the growth in value of Residential Property and slow the decline in the Residential Assessment Rate. (64%)	✓		
Amend TABOR to allow taxing authorities to automatically increase/decrease their mill levies to sustain a constant revenue stream in response to decreases/increases in the Residential assessment rate. (77%)			✓
<b>TABOR AMENDMENT</b> (Learn more at <a href="http://buildingabettercolorado.org/understanding-tabor/">http://buildingabettercolorado.org/understanding-tabor/</a> )			
Change status quo. (95%)			✓
Modify the state revenue cap to correlate with growth in the ECONOMY rather than INFLATION. (87%)			✓
Eliminate the state revenue cap as most LOCAL governments have done, and allow the state to retain revenues during times of economic growth and invest in state services. (93%)			✓
Restore ability of legislature to increase taxes without voter approval under certain circumstances. (66%)		✓	
If you believe the legislature’s ability to raise taxes should be restored to some degree, with what restrictions should that come?	<b>1. Super-majority vote. (38%)</b> <b>2. Up to a limited amount. (33%)</b> <b>3. At their discretion. (18%)</b>		
Organic Option #1: Repeal all of TABOR. (74%)		✓
